Disillusioned and temporarily rudderless, John Woodson is about to experience a dramatic and profound metamorphosis. Through a mysterious set of coincidences, he finds himself on an adventure to Peru in search of ancient scrolls, known as the Celestine Prophecy. The scrolls predict a new awakening that redefines human life and provides a glimpse into a completely spiritual culture on earth. Resistant at first, skeptical and unsure, John finds that each step he takes, each person he encounters leads him to a new awakening. It is only in letting go completely that he finds his destiny and comes to understand the meaning that had escaped him when his adventure began.

Matthew Settle, Thomas Kretschmann, Sarah Wayne Callies, Annabeth Gish, Hector Elizondo, Joaquim de Almeida and Jurgen Prochnow head an international ensemble cast in this spiritual adventure based on James Redfield's worldwide best-selling novel, [The Celestine Prophecy](#). *The Celestine Prophecy* movie is produced by Barnet Bain, Terry Collis, James Redfield and Beverly J. Camhe. Directed by Armand Mastroianni from a screenplay by James Redfield and Barnet Bain. Shot entirely on location in St. Augustine and Ocala, Florida, and Costa Rica, the film is a production of Celestine Films, LLC and Barnet Bain Films.

*"If we pay attention, we can find a greater life, no matter where we are, no matter who we are, no matter what our circumstances are. If you tune into the mysterious coincidences in your life, if you discover and then follow your intuitions, you will find that there's a door of opportunity for a greater life for you. You can't be a victim and do it, but if you go beyond that, if you find a way out of whatever circumstance you're in, whatever block you think you might face, what happens is that it works. It always works. The only thing that holds any of us back is not believing that it works."*
